SUMMARY

A passionate and results-driven tech enthusiast with a solid foundation in **Data Analysis** and **Full-Stack Web Development integrated with AI**. Proficient in analyzing complex datasets to derive actionable insights and building dynamic, responsive web applications. Equipped with both analytical thinking and development skills, I aim to create intelligent solutions that solve real-world problems.

PROFESSIONAL EXPERIENCE

WEB DEVELOPER.
ORDNANCE FACTORY CHANDRAPUR | 7-2023 – 9-2023

Collaborated with teams to ensure seamless functionality, enhancing operational efficiency and supporting various government projects, also learn how the data of thousands of employees are managed. Throughout the internship I got to know how the industry with such big employee-load works accurately without system fail.

PROJECTS – WORK

I. **TEACHER MANAGEMENT SYSTEM**
II. **MY PORTFOLIO**
III. **HOTEL BOOKING CANCELLATION ANALYSIS**
IV. **HR ANALYSIS DASHBOARD USING POWER-BI**
